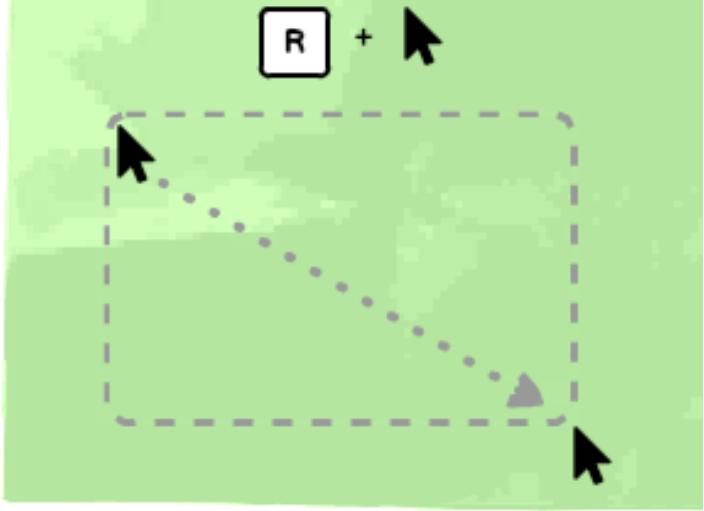
Mockups is Easy

Start by adding controls from the UI Library

Double-click to edit the controls you add

Want to see something really cool?

Hold R, T or Y and drag out a square with your mouse.



One Two Three Four

Open the inspector panel to change properties like the selected tab

option 1 (selected)

option 2

Option1

Option2
Option3

See what else you can build with Balsamiq

Balsamiq Mockups 3

Welcome to Balsamiq Mockups!

Quick Add

Mockups

- Welcome
- Adding controls
- Site Map
- Desktop example
- Website example
- Mobile example

Project Information

Notes

This is a **sample project** to help you learn your way around.

Feel free to delete it or use some of these controls for your own projects.

If you want to save your data **Download the Project BMPR** (from the Project menu) and open it in **Mockups 3 for Desktop**.

Want more information about **alternates**?

Please visit
https://docs.balsamiq.com/desktop/alternates/
or ALT+click here.

Do you want to demonstrate links by simply clicking on them?

Try our Full Screen Presentation Mode by clicking this icon in the top right part of the app. -->

Once in there, look for a pink hint and click on the related link to go back to the Mockup "Website example".

Want more informations about **Full Screen Presentation Mode**?

Please visit
https://docs.balsamiq.com/desktop/fullscreen/
or ALT+click here.
